# EURO-V-5U-L

## Euro-V

5U

The Euro-V Rack Case is a smooth-finished, rotomoulded case featuring a 19"" wide EIA standard rack with depths of 610 mm and 760 mm, designed to support metric-mounted equipment via an industry-standard square hole pattern (M6).
Lightweight yet robust, the Peli Euro-V Rack Case offers medium-duty protection in a streamlined format. Built for rapid deployment, it incorporates wall-mounted cylindrical shock mounts that isolate sensitive equipment from shock and vibration. Its interstackable design ensures compatibility with Super-V and BlackBox rack cases, enabling seamless integration across mixed fleets.
Manufactured in Germany to reduce lead times, the Euro-V is available in nine sizes (4U to 10U), all with moulded-in stacking ribs, edge casters, and a steel rack frame – pre-configured for fast, dependable field use.
Euro-V Rack Cases are ideal for mission-critical applications where reliable protection in a lighter, more compact design is essential. When precision equipment needs to arrive intact and on schedule, trust the Peli Euro-V Rack Case to deliver.

• Made in Germany for faster delivery and reduced lead times
• Optimised for Metric Equipment – Features a steel rack with an industry-standard square hole pattern (M6 clip nuts available).
• Durable & Shock-Resistant – Equipped with cylindrical shock mounts for maximum protection.
• Varied Depths – Available in 610mm (24”) and 762mm (30”) depths.
• Enhanced Mobility – Designed with 8 black plastic handles and edge castors for easy transport.
