2410PL
StealthLite™

Same features as the StealthLite™ 2410 LED Flashlight, but outfitted with a lens ring that emits a bright glow in the dark. The new generation photoluminescent material in the plastic absorbs the energy from any light source - fluorescent lights, the sun, or even the flashlight's own beam. No more fumbling in the dark for your flashlight. It is powered by 4 AA alkaline cells (included), submersible, and has an ELX body which resists chemicals, corrosion, and extreme temperatures.

• As bright as a Xenon light with the battery life of an LED
• Built Pelican tough
• Glow-in-the-dark shroud
• Super bright LED beam
• Unconditional Lifetime Guarantee of Excellence
• **NOW WITH NEW UPGRADED SPECS**
• Waterproof
