

2410 StealthLite™

Our most demanding users wanted a safety-certified task light slim enough to fit in a pocket, but without sacrificing performance. We integrated a high-intensity, machined-aluminum LED module with a locking on/off toggle switch, which is ideal for operating with gloved hands. The 2410 represents a safety-certified task light with the compactness necessary for on-the-go tasks, but with all the performance and durability that you'd expect from Peli. Same features as the StealthLite™ 2400 Flashlight, but with the LED module that produces a true, bright collimated LED beam. The 2410 is corrosion proof, resistant to extreme temperatures, and submersible. It is powered by 4 AA alkaline cells (included).

- Aussi lumineux qu'une lampe xénon avec des piles de la longévité d'une LED
- Construit selon les critères de résistance Peli
- Submersible
- Faisceau LED extrêmement puissant
- Garantie à vie limitée de Peli**
- **Garantie à vie non applicable si prohibée par la loi

DIMENSIONS

longueur	7.00" (17.8 cm)
