

BL8653-5010

Trusted for over 40 years by the US Military, Single Lid Cases offer 20% more protective material in the edges and corners, where it is needed most, ensuring that valuable equipment is kept safe from any unforeseen elements. Available in several sizes, these cases are completely customizable with a wide range of bolt-on options like document holders, casters, humidity indicators and much more.

- The BL8653-5010 case is a non-configurable roto case. It requires internal metal supports when empty due the size and weight of the case. This case size is available as a custom design.
