Grid Divide 2.0 - 1510

Revolutionize the way you organize your hard case. The GRID DIVIDE 2.0 - PELI 1510 Kit is the most flexible divider system ever made – designed to fit almost all carry-on hard cases.
Unlike traditional systems, GRID DIVIDE allows you to bend, cut, connect, and reconfigure without limits. Its patent-pending divider connectors let you attach walls floor-to-wall, wall-to-wall, or even at an angle.
Made from lightweight EVA foam covered with precision-cut Velcro loop fabric, GRID DIVIDE integrates seamlessly with MOLLE/PALS accessories, CRDBAG patches, and pouches.
Why GRID-DIVIDE?
- Lower price than traditional systems
- Rock-solid fit that stays in place
- Curved walls for U-, S-, and O-shapes
- Bendable and reusable – no need to cut unless you want to
- 8 connectors for limitless combinations
- Compatible with GRID-LID, CRDPOUCH, and BRICK systems
- Designed for Peli 1510 carry-on model
- Transform your case into a modular workspace
GRID-DIVIDE – One system. Endless configurations.
Features:
The CRDBAG GRID DIVIDE 2.0 - PELI 1510 Kit features laser-cut loop panels, Nylex lined EVA walls that can be used straight or curved, and patent-pending hook & loop connectors that allow endless reconfiguration. Designed to work seamlessly with GRID LID and CRDPOUCH series.
Benefits:
- Unmatched Flexibility
- Rock-Solid Fit
- Curved and Angled Walls
- Limitless Configurations
